

## TBX10 Antibody

Catalog No: #33608

Package Size: #33608-1 50ul #33608-2 100ul

Orders: [order@signalwayantibody.com](mailto:order@signalwayantibody.com)Support: [tech@signalwayantibody.com](mailto:tech@signalwayantibody.com)

## Description

|                       |                                                                                                                                                    |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name          | TBX10 Antibody                                                                                                                                     |
| Host Species          | Rabbit                                                                                                                                             |
| Clonality             | Polyclonal                                                                                                                                         |
| Purification          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                              |
| Applications          | WB                                                                                                                                                 |
| Species Reactivity    | Hu                                                                                                                                                 |
| Specificity           | The antibody detects endogenous levels of total TBX10 protein.                                                                                     |
| Immunogen Type        | Peptide                                                                                                                                            |
| Immunogen Description | Synthesized peptide derived from internal of human TBX10.                                                                                          |
| Target Name           | TBX10                                                                                                                                              |
| Other Names           | T-box transcription factor TBX10; T-box protein 10; TBX10; TBX7;                                                                                   |
| Accession No.         | Swiss-Prot: O75333NCBI Gene ID: 347853                                                                                                             |
| Uniprot               | O75333                                                                                                                                             |
| GeneID                | 347853;                                                                                                                                            |
| SDS-PAGE MW           | 43kd                                                                                                                                               |
| Concentration         | 1.0mg/ml                                                                                                                                           |
| Formulation           | Rabbit IgG in phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| Storage               | Store at -20°C                                                                                                                                     |

## Application Details

Western blotting: 1:500~1:3000

## Images

Western blot analysis of extracts from HT-29 cells, using TBX10 antibody #33608.

## Background

---

Probable transcriptional regulator involved in developmental processes.
